Paul Ogechukwu k.

**UI/UX DESIGNER /
LOW-CODE DEVELOPER (BUBBLE.IO)**

WORK EXPERIENCE

WiseSpender / Bubble Developer

SEPTEMBER 2022 — Present (Remote)

As the lead bubble.io developer, I collaborated on stages of system development lifecycle from requirement gathering to production release. Accurately translate and interpret UIUX designs from Figma into Bubble.io, including the configuration of responsive design parameters. Discussed issues with team members to provide resolutions and apply best practices.

Clientdorm.com / UX Designer

OCTOBER 2022 — PRESENT (Remote)

Designed and updated layouts to meet usability and performance requirements. Work closely with the team lead to balance the design principles and technology standards with product timelines and customer-specific requirements.

AlphaTech7 / UI Designer

NOVEMBER 2022 — PRESENT (remote)

Designed wireframes, interactive prototypes, and visual designs for web and mobile application, iterated on designs based on client feedback and user testing. I also work closely with developers to ensure accurate implementation of designs

Kwikinvioce.com / Bubble Developer

OCTOBER 2022 — APRIL 2023 (Remote)

As a low-code developer on this product I partook in creating the UI of the invoice page, landing page and the invoice items workflow. Designed and developed user-Friendly website, optimized application for maximum speed and scalability and also Planned and developed interfaces that simplified overall management and offered ease of use.
